### THINK AUTOMATE

Having difficulties doing the same monotonous stuff every day. Well why don't make something to automate it !!!

### GIFT FOR YOUR LOVED ONES

During this time of Covid-19, everyone is bored staying at home. A gift that can help them with their work will be of great help. So here we give you a chance to create and give a project to your loved ones.

### HEADSTART YOUR STARTUP!

At Least once in a lifetime you would have thought of being an Entrepreneur! Well here's an opportunity. We have a fictional company created for you. Your task? Make something that describes your company! Posters? Website? Well no restrictions on that !!!

“YES, BUT CHESS CAN ALSO BE.....  
BEAUTIFUL” ~ BETH HARMON

Ever created a Chess Board on the rooftop. Why don't you make one on your computer?

CONFUSED UNGA BUNGA

Well well... we too don't know a lot of languages. Can you make an application that can translate for us?

LET THE INCOME COME IN

Ever thought about how much we spend on not so important items and then fret over not using money wisely. Well you can create a hack which can relax you from your financial breakdowns.

GADBAD GHOTALA

Well, Gadbad is allowed but not Ghotala. Use two different APIs and create a working hack.

EVENT CODE DECODE

Have you joined in for today's event... We have given an attendance code over there.. Add in and up your points!
